

Article retraction

Sato Y, Honda Y, Iwamoto J, Amano N. Comparison of non-vertebral fracture between minodronate and risedronate therapy in elderly female patients with Alzheimer disease. J Musculoskelet Neuronal Interact 2013;13:346-52.

Yoshihiro Sato, Yoshiaki Honda, Jun Iwamoto and Nobuko Amano wish to retract the above-cited article due to concern that data have been fabricated.

Dr. Yoshihiro Sato was the only author responsible for study design, data collection, data analysis, interpretation of data, and drafting of the manuscript. Drs. Yoshiaki Honda, Jun Iwamoto and Nobuko Amano did not participate in study design, data collection, data analysis, interpretation of data, and drafting of the manuscript. Furthermore, the co-authors had not realized not only the misconduct but also the existence of this article before the article was published.
